

**Removal**

---

- 1 Remove coupe roof.
- 2 Open well lid.
- 3 Remove rear side wall (68.1—455).
- 4 Pull off carpet from top down.

**Note:** The carpet will be damaged during removal and should always be replaced.

**Installation**

---

- 5 For installation proceed vice versa.  
For glueing use glue 2444, Part No. 000 989 92 71.
